

2019 Programme:

Suggestions:

Betsy: Visit to Professor Martin Woolf's Agroecology Farm Norfolk – maybe join up with Transition Woodbridge, Walga and the Greenprint Forum;

Betsy: Something about Forests

Christine: Gary Batell – spoke at the tree wardens forum – very good speaker – covered the history of use of trees and the different types of trees and their uses. He is a forester and worked for many years at SCC – recent press release award winner;

Linda: Wild Anglia – Richard Powell OBE (for Environment and Sustainability)- Chair of Wild Anglia, Vice Chair of the Institute of Environmental Managers and Assessors. He is passionate about landscape recreation and climate change adaptation. He drives discussions on doing things differently. 26 years as regional director of RSPB.

Linda: Wildflower Society – talk by Anne and Dennis Kell – Wildflower Conservation – local Woodbridge Group – invited to join them on their wildflower field trips – forwarded programme.

Linda: Water for Wildlife – Suffolk Wildlife Trust – Penny Hemphill/Leonie Washington

Linda: tried to follow up with Riochard Mabey – Michael Strand communicated on my behalf – MS propose that we ask Edward Jackson from SOG to consider as a possible annual Derek Moore Lecture – Suffolk Wildlife Trust

Linda: John Grant Environment Reporter for east Anglian – Linda has emailed a request but not likely to agree.

Linda: Peregrines or Gulls by Steve Piotrowski.
