**Re: Waldringfield Parish Council Response to Planning Application DC/19/2285/FUL
Crow Cottage, Cliff Road, Waldringfield – internal alterations, new porch, new cladding and
driveway reconfiguration**

Dear Natalie Webb,

Waldringfield Parish Council supports the above application.

We are pleased to note the detail of the permeable surface and drainage treatment. We are also pleased to see provision for a heat pump to replace the existing oil-fired heating system.

The Parish Council would encourage the applicant to also include, where possible, the environmental measures suggested in its recently revised Landscape and Wildlife Policy.

Kind regards,

Rebecca Todd
Parish Clerk
