Parish Issues – an opportunity for members of the public to bring matters to the attention of the Council and for parishioners to seek guidance from the Council – Mr and Mrs Bugg spoke about the delayed works to Village Way, reporting damage to their vehicles on four separate occasions. They described the proposed plans to widen the carriageway as inadequate and a waste of money in its present form. The 'consultation' with residents by Kier, the contractors, was made during the daytime, when most residents were at work or elsewhere. The issue of drop-kerbs was raised again, to facilitate residents who are able to park their cars on their property. After discussion, it was agreed that ClIr Kay would write to Malcolm King (SCC Highways), copied to SCC ClIr O'Brien. The correspondence would include the other outstanding issues of overhanging vegetation on the Ipswich Road out of the village and the safety issues for pedestrians at the village exit junction.

Following her enquiry, Mrs Ballam was advised that her planning application had arrived too late (according to statute) to be considered at the meeting and would be considered at an extraordinary meeting later in the month

SUFFOLK COUNTY COUNCIL NOVEMBER REPORT

Suffolk County Council, despite budget pressures, has decided to continue providing **Local Highways Budget** next year. It is intended that this will be at a similar level to the present financial year.

Two important links for highways:

To report a fault - <u>highwaysreporting.suffolk.gov.uk</u>

To view all the activity in your area – www.roadworks.org

When urgent telephone: 0345 606 6171.

There has been an increase in **Suffolk Children** achieving a Good Level of Development in their Early Years Foundation Stage. 70.2% of children achieved a result that was slightly above the rest of England in key areas such as: communication, language, physical, personal, social and emotional development.

Primary school children are to receive **free safety reflectors** as part of a new road safety campaign. The reflectors can be worn on coats or backpacks and ensure that children can be seen by vehicles, as the beam is reflected, in darker conditions.

£9,550 was invested by SCC Road safety Team to deliver to over 60 primary schools.

Policing Issues

The PCC had asked the Constabulary for an overview report on **community safety**, including details of joint working with Suffolk County Council.

The Community Safety department is led and managed by a Chief Inspector, a Partnership Manager and the Safer Communities Manager. Performance is monitored through a monthly update on performance relating to antisocial behaviour (ASB). Currently, all ASB incidents are down by 37%. The department works with partners to reduce demand, and provide advice and support to the Constabulary/stakeholders.

A joint "single route in" to Community Safety services, and advice for internal customers, is being developed. Future options being considered include opportunities such as joint management of staff and developing a joint Suffolk Community Safety branding for Suffolk Constabulary, Suffolk County Council and the Suffolk Fire and Rescue Service.
